Dec 4 2011 Mica is now closed to motorized vehicles and I figured that the deer up there probably hadn't been pressured too much

I got a late start to the day but a 45 minute hike a little farting around getting situated in the tree and I was ready to rock by about 11 30 Jun 12 2025  
I have 90 acres of timber and wetlands in southern Spokane County near Spangle WA with access to several hundred acres of adjacent timber and farm land

My family all struck out on late buck tags this year and we are in the process of building a house. I could use some help completing my project and there may be some on here who drew tags and looking for spots to hunt

Since we won't be INland paper co around Mica Peak for Grouse I believe Inland Paper has sold that piece of land to the Spokane County Parks Dept. IE. NO HUNTING. A small piece of DNR property on Mica Peak is about it for any public hunting and the now high use by hikers makes it pretty marginal

In years past I have shot grouse in that area but the LONG uphill hike to reach the IP property boundary to Jun 21 2011 bear hunting on Mica Peak maybe one of the seniors on here could pm me a good way to get up there for scouting? taking the liberty lake trail up sounded good but about half way the 5 year old was feeling it so if I could drive up closer then I can make it in further

Kiddos love being out in the wild and for scouting I really like bringing them along so they can get involved and have fun tracking I went elk hunting today on Mica Peak and it was definitely combat hunting except no one was shooting

I was wondering if anyone can give me some tips on hunting Mica Peak. I am hopefully going again on thursday. Also are there any elk on Mt. Spokane

Would it be better to go thier than Mica Peak? and if so would you go to the east side towards spirit lake. Thanks for the help its my first Jul 28 2008 GMU 127 Mica Peak Really close to Spokane and all private sounds like good whitetail country

You can try pounding on some doors I've always been told no for permission out there. I think your best bet would be the inland paper

The elk that I know of out there are close to Newman lake and into Post Falls  
Nov 13 2017 Mica Peak Moose Correct when IEP closes the gates for the year you are still allowed to go around them on an ATV except Starr Rd. gate

Head up top a ways then take the left that takes you back west to the ID WA border. Walk into the WA side at the tank trap and hunt that road out

There are moose in there Jan 4 2019 Any Mica Peak Elk??? No shortage assume
