WithMinus8not making new works at the moment there isn t much need to unrestrict the sub or grant approval to users to post since there will be no new works from him for a while. Once he s back the sub will likely be unrestricted again so everyone can post his works again

Anything relating to the artistminus8 Mar 6 2019 There has been a lot of rumors and misinformation going around with him

I feel bad for him he has a lot of talent and he could get a lot of animation jobs or nsfw comissions if he felt confident enough but everytime he s doing something a little bit off it gains traction and he gets into controversies or critics who keep him down not to mention the guy is already depressed What do you unfortunatelyminus8doesn t really have one specific place that he posts all his work so most of the links you need for his art are on the sidebar

you can also search him up on places like rule34.xxx paheal etc Ive recently found this page on the Fandom Wiki showing alleged deleted tumblr posts fromMinus8 saying that he wants to touch kids but is trying to repress those thoughts. I just wanna know what you guys think

Is he a pedo or can all of this be justified because he makesporn? Share Sort by Best Open comment sort options Top New Controversial Old Q A Add a Comment 40BelowFridge Jan 7 2018 138 votes 11 comments. 88K subscribers in theminus8community. Anything relating to the artistminus8.
