Feb 4 2022 Me and mymomwere discussing neutering him and she was really against this because she said shewants to breedhim. Her argument is that its a dogs natureto breedand that he should feel that satisfaction

Also I think this is selfish but she reallywantspuppies in the house So my Boyfriends family has a 9 year old Purebred Siberian Husky whos not fixed hes also from a breeder

HisMomhas made mentions in the past that she wantedto breedhim but as her got older and no plans got made I just assumed it probably wasnt goingto happen

Though the other day they just got a 2 month old female Siberian Husky from the same breeder who was well is not Nov 17 2020 truei ve read up about dog breeding and believe only experienced breeders shouldbreedduetothe fact that they know what they are doing

my dog is 7 years old an american eskimo female. never been bred before. mymom wants to breedher cause she thinks she would be a good mother andwantshertoexperience motherhood. they found a male too

i m objecting and saying we shouldn t because OP smom wants to breedthe Frenchietomake money

Breeding bulldog brachycephalic breeds requires more intensive expensive veterinary care sometimes A LOT more and since an undersized Frenchie will tendtohave a small litter of 1 or 2 pups would be luckytobreak even and there s a chance they will end up in the red Unlike my mom I do have goals and wants from dog breeding

Good temperaments drive healthy pups etc Im making a very long document and questions about WHY does she want to breed

Asking for more questions to put in or why not to breed this byb genetic mess of a dog Plus why ethical and responsible breeding is the right choice Jan 26 2024 217 upvotes 1 comment r breedingfamilys NSFW Mmmm daddywantsa free use family where I can fuck andbreedevery female I want 211 upvotes 5 comments r breedingfamilys NSFW Sep 12 2019 She proceedstotell me that her boyfriend told her that Im super gorgeous and that if he met me before mymom hed have kids with me
