With a natural protection from south west monsoon conditions Positras is a boon for marine life enthusiasts

The variety of sea animals and marine life attracts marine enthusiast from all over the world. Poshitra is part of Marine National Park. Some of the finest coral reef fringe islands are found at Pirotan, Narala, Ajad and Positara often a surprise even to Gujaratis.

Coral is made of millions of colorful little animals called polyps bound together by algae and other plants in a variety of intriguing shapes and formations. There are three sections of the park: Narada, Poshitra, and Pirotan Island.

Narada is more interesting from the entry gate you park and hike 2.3km over rock and reef to the Gulf of Kachchh where you can spot a variety of sea life. Dec 18, 2025. It is an archipelago of 42 tropical islands along the northern coast of Jamnagar district and the southern coast of Kutch.

The sanctuary lies in the intertidal zone between the lowest and highest tide levels. The area that lies below water in high tide and is exposed during low tide. There are 42 tropical islands on the Jamnagar coast in the Marine National Park, most of them surrounded by reefs.

Out of which 33 islands have coral reefs. Some of the best known islands are Pirotan, Karubhar, Narara, and Poshitra. There are islands with sandy beaches and mangrove swamps. Poshitra is a fantastic isolated place in the Gulf of Kutch, Jamnagar.

It's about 3.5 hours from Jamnagar by road. The voyage to the ISLANDS starts from Positara edge. The boat ride is for about half an hour to Dabdabai Island. The SUNRISE POINT. The view of Asaba Island from Sunrise point. Jul 28, 2025. Marine National Park was established in the Gulf of Kutch in 1980.

Narara is one of the 42 islands in the park and along with Poshitra, one of only two access points for visitors. There is a staggering variety of life here: over 70 species of sponges, 50+ corals, and over 90 bird species. Jan 27, 2015. Poshitra lies near Dwarka.

Around 25kms from Dwarka and roughly around 150kms from Jamnagar. Poshitra has absolutely pristine sea. Very few visitors go there. Poshitra has amazing untouched coral reefs.

Sea cucumbers, varieties of sponges, and different types of corals you can see here. The island is located at the seaward mouth of the Gulf of Kachchh, Bhatiya. The climate of Bhatiya is categorised as BSh i.e. arid hot steppe according to the Kppen-Geiger system of climate classification.
