He certainly is. So far in the first year of his second term he has authorized air strikes in the following parts of the world US airstrikes under Trump's second term as of Dec 2025 Yemen campaign against Houthis Somalia over 100 strikes vs. ISIS al Shabaab Syria multiple large scale ops vs

ISIS Iran targeting nuclear sites Nigeria strikes vs. ISIS militants Not the least of which is they are back on the street in a matter of hours. So what was the point other than to give them a criminal record? It's a mental health issue butting up against multiple constitutional issues

And there truly isn't an easy answer. The constitutional issues have been resolved. This is now a political issue. Vote wisely This is actually very offensive on multiple levels

You need to get a grip on yourself. [quote] You need a grip if you think this administration does anything that's not cruel to humans. Cruelty is their point with everything

[quote] You have to have proof that they are trying to do this purely out of cruelty According to US Africa Command the operation neutralized multiple ISIS militants. But Trump's explanation has left Kagara and his fellow villagers scratching their heads. In Jabo we see Christians as our brothers

We don't have religious conflicts so we weren't expecting this he said It means that a family with multiple kids has a chance for FA! this could help professionals such as Fed families professors and teachers so that the whole class isn't comprised of doctor's + Big Law kids

It is a Catholic School after all yes independent

Visi will then ID a few high potential diversity kids to offer a few full rides [quote=Anonymous] [quote=Anonymous] [quote=Anonymous] [quote=Anonymous] [quote=Anonymous] [quote=Anonymous] I have multiple flights booked in the next few weeks and I am more than happy to sit in airports or have them cancelled if it means some curtailing of this psychotic government's power

I am so sick of the devaluing of the American presidency with wild bs. I honestly wouldn't care if The general consensus is that the 2028 DMV class is seen as somewhat weak with its talent scattered across multiple schools including public schools in Virginia

The sophomore class at Visi reflects this situation. As far as I know there hasn't been a transfer from Virginia to Visi but unless it's a top tier player e.g. someone from M D Black or Hero's Green it wouldn't significantly No one cares

By multiple you mean two? And you clearly care if you keep refreshing this thread
