Negrois currently considered somewhat offensiveinthe United States and it s not advisable to use it if you are first learning the language

I say somewhat because there are circumstances where it is still used but those circumstances are historically and socially complex and even Americans still struggle with those circumstances negro Black people African American dawg hommie nigga people of colour Dec 30 2017 Negronegroblack negroblack 1819negro porqu eres negro? 810 negro hi 5 Aug 21 2016 Negro 2017 Two months ago three Negroes who were a 16 oes oesheroNegrotomatopot 21 Inthe UK black person is the usual way to describe someone of African or Caribbean ethnic background and I wouldn t expect it to be taken as offensive

Referring to someone as a black as a noun would be offensive

Referring to someone as the black guy could conceivably be interpreted as a little disrespectful if you might have been expected to call them by name depending on the context Montenegro Monte NegroMonte Negro Oct 12 2011 1F.M1 Mural of Jim Crow Laws Nurses No person or corporation shall require any white female nurse to nurseinwards or roomsinhospitals either public or private inwhichnegromen are placed
