am Location fredericton New Brunswick Sep 10 2025 ChatGPT said Reaching 300
horsepower HP with a DodgeNeonSRT 4 and its 2.4L turbocharged inline 4 is very
doable and actually pretty common in the SRT 4 community

These engines are strong from the factory and respond well to modifications.
Heres how easy or hard it is and what it takes Stock Baseline Jul 10 2005

by speedjunkie Tue Oct 23 2007 6 16 am While searching the board for some
information regarding a project I am about to undertake I noticed there isnt any
PCM Connector Diagrams Posted that I could find Jul 23 2014 Brake help

2003neonsxt by Agonzo2008 Wed Jul 23 2014 7 48 am Just recently had my mechanic
change my brake pads but now that I drive I hear a noise as the tire rotates. It
goes faster as I speed faster. As I brake I can hear it as well

Any ideas other than taking it back to the mechanic ? Thanks in advance Apr 27
2011 Is there a way to tell if my car has a hydraulic or mechanical timing belt
tensioner without removing the plastic cover? I d like to have all the parts
ready before i start changing the belt

It s a 1998 DodgeNeonR T Sep 20 2013 The Autocross Rally Road Racing Circle
Track Board is the home of detailed discussions of SCCA and other sanctioned
competition including handling and race dynamics event discussion and general
SCCA babble.
