The new keyword in JavaScript can be quite confusing when it is first encountered as people tend to think that JavaScript is not an object oriented programming language. What is it? What problems You should use new when you wish an object to remain in existence until you delete it

If you do not use new then the object will be destroyed when it goes out of scope  
Dec 11 2009 A new expression is the whole phrase that begins with new

So what do you call just the new part of it? If it's wrong to call that the new operator then we should not call sizeof the sizeof operator or the address of operator when it behaves like one  
Oct 30 2012 Can anyone help me understand when to use NEW and OLD in PL/SQL blocks I'm finding it very difficult to understand their usage  
Feb 10 2011 0 The target attribute of a link forces the browser to open the destination page in a new browser window

Using \_blank as a target value will spawn a new window every time while using \_new will only spawn one new window and every link clicked with a target value of \_new will replace the page loaded in the previously spawned window

Feb 10 2020 I have built a powerBI dashboard with data source from Datalake Gen2

I am trying to add new column into my original data source. How to refresh from PowerBI side without much issues or what's the b I was searching on this link before finding this answer

I did not find the solution in the link because I was looking for newline or \n instead of line feed  
May 20 2015 I am trying out the new Microsoft Visual Studio Code editor in Linux Fedora environment. I would like to know how to replace \n in place of some other text

For example I have html text
