r consensualnonconsent This subreddit is meant for discussions and content relating to consensual nonconsent. CNC is not rape

We do not condone Oct 11 2023 Hi I am looking for text based games that are preferably open world or similar and although they let you decide your fate they cling heavily NonconI usually reserve for when there s no choice consent from one character and the sexual act would be clearly termed rape

So how do you all define them? Or do you see no difference between the two terms? Edit to add because it s an important point the things I d call dubious in a romance book I would definitely call rape in real life So you d write noncon instead of rape pr0n instead ofporn lemon instead of explicit sex etc

I reported a fic once that had what I thought to be untagged non con only to receive a reply saying that the fic would fall more directly under dub con and thus wasnt deserving of the tag

How does ao3 define the difference between dub con and non con? I would think any situation where a Nov 23 2022 I knownonconkinks are pretty normal but I also know getting turned on while your teacher discusses comfort women and Nanking isn t

I know it s a horrible thing to be r\*ped but I can t seem to feel for victims and it s a terrible terrible thing to admit but I need some place to get this off my chest.
