Using the website? On a laptop or a phone? Android app? iOS app? Facebook login? VK login? There s a menu for selecting the country you re seeking to connect with people from but it might be a hidden monetized feature on the mobile apps

Inaccurate geocoding on the web site doesn t matter since you can just use the country menu or pick the world globe Feb 14 2024 Hey everyone! Since omegle is dead im looking for another site to fill the gap. There are plenty out there but many are just not that good

Best one i found is emerald chat but no matter which tag i choose like 60% of the people are horny people. Way more than it used to be on omegle surely the degens were there too but not that many

Anyone figured out a good alternative yet?
