A place for all Yelp usersreviewers and business owners. Keep it friendly! Aug 19 2022 A place for all Yelp usersreviewers and business owners

Keep it friendly! Yelp has become a dominant platform for consumers to find and review businesses but what many people dont realize isthepressure it putsonbusiness owners to pay for its services. Yelps advertising model is controversial to saytheleast

If business owners dont fork over money for ads Yelp allegedly hides positive reviews and showcases negative ones essentially holding business Jun 14 2023 Yelp HomeAdvisor Angie s List is simply an SEO company

They are a search engine optimization company that happens to deliver leads to home improvement professionals So lets say youve put your profileonHomeAdvisor and they begin to drive leads for you using their strategylocal SEO and link building Nov 22 2022 We \*only\* use Yelp to \*read\* reviews

We don t post reviews comments etc. I ve read that Yelp might block some fake reviewers and such

Is my IP address being blocked for some reason? How do I get it unblocked? I ve already emailed their support a week ago but so far there s no response and I getthefeeling I shouldn t hold my breath Aug 14 2023 Yelp is nothing more than a symbol of corporate greed shady sales people and indifference tothestruggles of small businesses

Don t let them take advantage of you save your time money and sanity by looking for more ethical and effective alternatives Has Yelp become very unreliable or is just me? I had unexpectedly bad experience with several businesses with stellar ratings and reviews

r bayarea Go to bayarea r bayarea r bayarea Im completely aware of how yelp works andthegiant scam they pullonbusinesses that dont pay them. A ton of people know about yelp but they are still a top review pageongoogle and tied in with apple

When i start type in our company name inthesafari search bar it even pops up smh Share Sort by Best Open comment sort options Add a Comment AutoModerator Moderator Announcement Jan 15 2022 I noticed that outside of restaurants reviews for other businesses are always dormant

In a way that indicates Yelp may be in a state of decline compared to how busy it was in years past. TripAdvisor seems to be great for restaurants and hotels specifically. Google Reviews also appears to be actively used

What is everyone using and considering relevant these days? Here s my nightmare.
