Meaning pronunciation picture example sentences grammar usage notes synonyms and more Discover everything about the word SET in English meanings translations synonyms pronunciations examples and grammar insights all in one comprehensive guide Apr 6 2025 Set as a noun refers to a collection of objects elements or items that are considered together due to shared characteristics

For example in mathematics a set represents a defined group of numbers or objects When mathematicians talk about a set they sometimes want to know how big a set is or what is the cardinality of the set

They do this by counting how many elements are in the set how many items are in the bag I have a set of porcelain figurines depicting characters from Shakespeare's plays. A set is a group of things where every single one of them has a certain purpose.
