ONA and OVA are completely different in terms of their target markets

An Original Net Animation ONA is an anime that is directly released onto the Internet 1 while an Original Video Animation OVA is an animated film or series made specially for release in home video formats Oct 14 2017 A pretty late answer but I found a comment from Yoshiharu Tokugi famous for writing Dirty Pair Macross and Power Rangers in Johnathan Clement's Anime A History

Tokugi claims there is a slight distinction between the terms OVA is an industrial term introduced at the production level to differentiate between anime produced for film or television and those works that are intended to ONA is an anime that is directly released onto the Internet

And from my understanding it should be like youtube site where you can watch it however you like with video streaming or download it Dec 15 2014 1 OVAs are not special episodes as its own name states Original Video Animation OVA they were made for video consumption and had no limitations censorship with the intention to expand the market to a more mature audience

There's also ONA Original Net Animation which has been conceived to premiere on the Internet Jul 24 2018 I am referring to the new Baki ONA released in 2018

Is it a continuation of the manga or the same story as the old anime with better animation? 2001 ONA series containing 12 episodes 2004 TV series containing 61 or is it 62? episodes. Frankly I'm stumped

I just want to watch the anime adaptation of the manga and I'm unsure which one is most true to the manga and I don't feel like watching all 3 of these

So which one is most an anime adaptation of the manga? Sep 17 2015 16 It seems there's a lot of these short e.g. 3-5 minute long anime series recently specifically ones that air on TV as opposed to ONAs

Shows like Fireball Fireball Charming Chii's Sweet Home Encouragement of Climb Recorder and Ransell Aiura And an older one Di Gi Charat What started the trend of short 3-5 minute per episode TV series First watch Chuunibyou demo Koi ga Shitai! this is the first TV season

Either at the same time or immediately afterwards watch Lite these are a bunch of short comedic sketches that occur at roughly the same time chronologically but don't have any impact on the plot

After you've watched the first season watch the episode length OVA that goes with it not on your list you'll probably In your question you put the ONA version of Blame! and looks like it's a clip of Blame! anime but I never heard about those ones
