You don t know that person they don t know you you never see them again Feb 17 2022 Hi everyone I just found out that my now husband had aone night standwhile we were still dating 8 years ago

Weve been married for 3yrs and and dated Jan 13 2013 A one night standso to speak with her husband would be a great idea. Try to get her to open up and tell you what it is she wants sexually

I was repressed sexually thought having an affair with someone would begin the process of having fun but it didnt work. I learned alot after that affair but felt terrible for years Jan 4 2013 One night standIS an affair. I m not sure what you re trying to ask

It s pretty obvious this was going to happen when you send out your spouse to party and get drunk. Now you need to ask yourself should you take the risk and stay with a girl that s quite easy to score by other men Aug 8 2011 Like the title says my wife had aone night standand ended up pregnant

She says that she was overwhelmed with depression about me being gone got drunk and made a mistake.
