Jan 25 2024 I went into this movie expecting an interesting deep dive into the controversial father son orthodontist duo John Mew and Mike Mew with a balanced discussion of what the broader medical community thinks of them Nov 25 2022  
Otherwise there will be strain again

However now I realize that I always had a habit of feeling like I should open my mouth pretty wide maybe also because I imitate the drama of singers faces

How open should the mouth be and when? Jul 22 2021 Any way to make these UPVC windows open wider? We've bought a house and the windows only open a couple of inches not ideal in this weather. Not sure if this is a safety feature

It's there any way to get them to open wider? Feb 13 2024 The goal of r/Movies is to provide an inclusive place for discussions and news about films with major releases. Submissions should be for the purpose of informing or initiating a discussion not just to entertain readers

Read our extensive list of rules for more information on other types of posts like fan art and self promotion or message the moderators if you have any questions I would try focusing less on how wide you get your feet apart and more at your ability to bend forward from the waist

Take your feet apart to a comfortable level maybe 3 feet or so and then start bending forward

You can walk your chest over to one leg walk through center and walk your chest over to the other leg So Im 31 and I have trouble with two things but the most troubling one is that ever since high school I can not open my hips. Actually that's just when I noticed it

They would have us do the frog pose or the frog pose with our feet together and I CANT do it. Everyone else could do it. Im familiar with the feeling of stretching but this is different

It feels like my bones will stop me Open wide O earth press not heavily on him  
Be easy of approach hail him with kindly aid As with a robe a mother hides Her son so shroud this man O earth Oct 15 2023 Knock Knock Open Wide by Neil Sharpson  
Just wanted to say don't sleep on this fun novel

It brings together Irish folklore childrens television programming generational trauma and a sweet LGBT relationship together in a stew that doesn't always all mesh it still offers fun flavors and when it does hit its mark it's pretty great  
Whenever you meet see someone with their eyes wide open all the time meaning you can see the whites of their eyes around the entire perimeter of the iris it's virtually a guarantee that they are severely mentally unstable
