I can find a list on the matplotlib documentation that claims that these are the only names b blue g green r red c cyan m mag The newest version ofOrange 3.34.1 at the time of writing does not include the compute_CD function anymore

I don t know the reason and I don t know whether it will come back in future releases

For the time being you might want to install an older version ofOrangethat still has the function for example pip install orange3==3.30 Which includes compute_CD and is compatible with Python Feb 22 2020 InOrange I can attach a dataset to a PCA for dimensionality reduction

Typically in code I would apply the trained PCA to test data after fitting it to the training data
