I do see that Fidelity has an alternate site for logging directly into the 401k account but I can also see all the 401k account info. through my regular Fidelity login

Do I need to create a Fidelity Netbenefits 401k account login to add this account in Quicken? Is anyone using Fidelity with 401k and other account in Quicken? Jul 28 2025 I was doing my OSU today and noticed that for Fidelity NetBenefits it now is prefaced with zzz Apr 1 2023 I continue to experience issues with downloads from Fidelity Net Benefits from my 401K accounts Nov 6 2025 However Fidelity Netbenefits continue to have problems contributions download but show only the amount not the number of shares bought or the fund name

Similar problems with incomplete information affect re investments dividends interest etc Today after connecting and downloading transactions I received a msg that Fidelity was changing their connection with Quicken and a new connection needed to be updated Fidelity also changed to only allow Direct Connect method for third party financial tools like Quicken for updated security

The Fidelity Netbenifits account had no issues with these new security measures Jul 30 2025 Your Netbenefits connecting to zzz Fidelity Netbenefits is good because the zzz indicates that the connection will soon be changing

But for now it should be the same connection you previously had with Fidelity Netbenefits Fidelity Netbenefits 401K transaction downloads all Unidentified Security. This issue is a bug that has been reported to our Development and Product teams for further investigation and resolution

Though we do not currently have an ETA once a solution is created it will be made available as part of a future release. CTP 7302 Fidelity Netbenefits holdings disappearing from accounts

This Jul 29 2025 This morning zzz appeared before Fidelity Investments when updating Anyone know why they added zzz? Starting the new year fresh with a new Quicken 2017 instance on Windows 10. Have no problem adding accounts for online access until I try to add my 401K from Fidelity

I choose Fidelity NetBenefits enter username password I use on their website but get the Your financial institution has rejected this transaction. For more information contact your financial institution. I called Fidelity.
