Jun 10 2023 Extra Information PinlessPeepersare designed to fit most Standard sized chickens. I had smaller Standard sized chickens that the PinlessPeeperswere too big for and fell out

I reapplied them by putting them in at a slight angle with the top closer to the chicken s center and the bottom further out Jun 6 2024 PinlessPeepershelps stop cannibalism excess pecking egg eating and plucking

Basically instead of going the painful route of debeaking your birds you put these on their faces Apr 21 2014 While I have not personally had to use pinlesspeepersI would in a heartbeat if I had a chicken that was pecking another hen and other methods didn t work

I don t see anything cruel about them. And if thepeepersdidn t work into the crock pot she would go! Feb 15 2009 The only place I could find for pinlesspeepersis eggcartons or Randall Burkey

They only had one size but I was actually afraid they d be too small for my hens as they are advertised for gamefowl not chickens

They work beautifully and aren t hard to put on at all if you get a pair of snap ring pliers buy from a hardware store not eggcartons who wants to charge you an arm and a Apr 8 2011 Also the bloodied hens are recovering nicely. PinlessPeepersworth every penny

PLUS you do not need the special tool or any tool to put them on. I did not even soak them. My husband just pushed the front piece with both thumbs to spread and clipped them right on! Super easy Sep 3 2024 I use PinlessPeepersand have been using them for awhile

I typically use them as a last resort as well as I personally don t like seeing my birds wear them either. On this one hen how is her health? How this is a new thing this may be an indicator that there s something wrong or she s about to go broody depending how long this has been going on

On the bully hens themselves have you Mar 16 2025 We heard thepeepersfor the first time this morning. Spring has arrived in Lenawee county May 14 2021 It waspeepersor crockpot for her. They are hard to put on it was as described above in Suebys post

However mine did not go back to bullying after removal about 3 or 4 months later. I removed them because the nares got kind of gummy looking. Luckily I didnt have to replace them. It is worth trying if you want to keep your chicken Apr 28 2011 Peepersare the lesser evil

When you re faced with half the flock sporting large naked spots sometimes even
