The penny was one of the first coins made by the U.S. Mint after its establishment in 1792. The design on the first penny was of a woman with flowing hair symbolizing liberty. The coin was larger and made of pure copper while today's smaller coin is made of copper and zinc.

Liberty stayed on the penny for more than 60 years. Nov 12 2025 Answer to Frequently Asked Questions FAQs about the penny which ceased to be minted for circulation in 2025 Nov 18 2025 The unique number of sets recognizes the 232 years of penny production.

United States Treasurer Brandon Beach and Mint Acting Director Kristie McNally operated the press to strike the final Philadelphia minted Omega coins in recognition of their historic significance. Circulating coins are produced by the United States Mint for everyday transactions.

They are also included in the United States Mint's annual coin sets which are the staple of coin collecting. The nickel dime and quarter are today's circulating denominations.

As of 2025 pennies are no longer produced for circulation but can be found in collectible sets. The penny dime quarter half dollar and dollar are clad coins. Clad coins have an inner core of metal surrounded by an outer layer of a different metal.

The Mint makes clad coins with an inner core of copper. The nickel is the only circulating coin that isn't clad. The story of U.S. circulating coins began long before the opening of a national mint in 1792.

Before national coinage a mix of foreign and domestic coins circulated both during the Colonial Period and in the years following the Revolutionary War. After Congress established the U.S. Mint in 1792 the Mint struggled for many years to produce enough coins.

Finally production numbers grew to view US Mint 2026 product release schedule with availability. Don't miss out! Sign up today to get notified about the latest coin releases. United States Mint Nov 12 2025 PHILADELPHIA Nov

12 2025 The United States Mint hosted a ceremonial strike event today at its Philadelphia facility where United States Treasurer Brandon Beach struck the final circulating one-cent coin penny. Explore the United States Mint's 2025 product schedule featuring new coin designs and release dates.
