Feb 19 2023 Let's Thank Laminar Research for the outstanding work they did in X

we hope that our plugin satisfies your needs Thanks in advance for your

from the servers or is this how the sim is currently? How is the data depicted
where is it derived from and how can it become more accurate? First photo is Dec

radar? I have not gotten it to work I've tried the following I have activesky
set to a historical weather where there was massive thunderstorms in my area

I have the latest version of the a319 xplane and active sky

I have not touched any switch except for th Feb 14 2023 Weather radar is working
to the extent of the weather API of X Plane 12 Keep in mind that XP12 is still
in very early stages of development and many fixes and feature upgrades are
coming. First of is a new wind and icing update

Also weather radar picks up moisture not physical form of clouds which strangely
many think. So you need to be in a weather state with lots of precipitation PS
