We are NOT PORNHUB nor affiliated with them Is PornHub really riddled with malware? I've been reading some claims about PornHub being riddled with malware. I tried to scan the site with VirusTotal and it comes completely clean

Can somebody tell what danger this site represents? Is PornHub really dangerous? How to download Pornhub videos as mp4 and not ts files? Also is there a program that allow me to download my entire pornhub history? r Pornhub the unofficial subreddit for Pornhub.com I think my hands were so amazing he really liked it

Who comments on Pornhub videos? These people After being banned due to spam and lack of moderation r Pornhub is back! In order to preserve the original spirit of the sub and to combat spam we've made a few changes Most importantly this subreddit is now exclusively for sharing Pornhub content

Advertising any other content will result in removal and or a ban. This community is for all Pornhub users viewers and content creators alike When I open like 100 videos from one of the bookmark folders at once Pornhub crashes and shows me a pornhub is undergoing maintenance error on every page

This also happens when casually browsing Pornhub or when opening like 3 links in quick succession. This makes browsing Pornhub very user unfriendly.
