Jan 26 2024 Send an HTTP request to SharePoint action inPowerautomate flows works with SharePoint REST APIs

Follow below Microsoft official documentations for SharePoint REST API endpoints related to permissions management Set custom permissions on a SharePoint list by using the REST interface Users groups and roles REST API reference If you understand how the SharePoint REST APIs work with Jan 3 2024 I usePowerAutomate to collect responses from a Form and send emails based on the responses

The main objective is to automate decision making using Python to approve or reject the form

I am awar Aug 28 2022 I have created a Flow inPowerautomate have used a Refresh aPowerBI dataset component there is no issue in terms of functionality as such and I am able to refresh the dataset successfully s Nov 3 2024 Extract Value from Array inPowerAutomate Asked 1 year 1 month ago Modified 9 months ago Viewed 6k times Jan 30 2024 You are confusingPowerAutomate withPowerAutomate Desktop

The link you provide is forPowerAutomate so those functions won t work in the PADesktop. There is an action named Convert datetime to text in PAD you can specify the formats you would like there The action lets you pick from existing formats or you can specify one

copy this code to PAD to see a custom example Text Apr 26 2021 Data Source Credentials and Scheduled Refresh greyed out inPowerBI Service Asked 4 years 8 months ago Modified 3 years 4 months ago Viewed 18k times Jun 8 2022 0 I have data being pulled from a SharePoint list to an Excel file and I m trying to usePowerAutomate online to create a scheduled flow that will trigger the Refresh All button forPowerQuery in Excel see image Oct 23 2023 InPowerAutomate within thePowerBI connector you ll find the Run a query against a dataset action

Take note this can only return one table at a time with max of 1 000 rows Dec 12 2022 You can retrieve the contents of the CSV file using the Get file content action inPowerAutomate Microsoft Flow and then using the Parse CSV action to transform the file contents into a structured format that can be used in subsequent actions in your flow

For instance you may send emails update a database or add items to another SharePoint list using the parsed data Oct 30 2023 Below are some of the reasons you get the network error when using a patch function in MicrosoftPowerApps applications One of the columns in your SharePoint list is required mandatory and you are not passing any value to this column using Patch function.
