Nov 1 2016 PristinePilotEdge540 best of everything 10 flights \$4000.00 Futaba 9157s on all surfaces DA 170 Pro Flow Canisters Tru Trun Spinner SWB arms J and J tail wheel DA Fueler Fromeco switches Tech Aero ignition kill Going to stay with the 120 airframes willing to drive Feb 19 2025 I have a brand new full automatic turbine motor Linton X80 DK available for radio control turbojets

It delivers 9kg of thrust is in pristine condition and comes with all included components. Price \$1 200 includes shipping VAT For more details or if you're interested please contact Sep 21 2015 I'm selling a lightly used Hacker Q80 8M Brushless Motor with two sets of aluminum stand offs 50mm and 90mm

The 90mm will fit a 3DHS 92 Edge540 and the 50mm will fit the Extreme Flight 91 Extra 300 EXP

This motor is in pristine condition and looks brand new! If you need batteries to Jun 19 2025 Looks like you need 7 sheets 36 long 4 wide edge glued and then cut the required shapes Feb 8 2015 My friend Fred and his wife Christina send me some awesome pics of the PAU Edge540

Powered by DLE 170 Jul 30 2018 It won't load on my radio for some reason. I'm going to download an older version of Edge on my radio today and try again Oct 30 2016 AerotechEdge540 covered in Monokote This is a Yak 54 that a friend of mine built I did the finish work for him. Also covered in Monokote

This is a reworked Yak that I rebuilt. Again all Monokote One and all very nice

Just so happens the AerotechEdge is sporting the exact colors that I would like to use on the Pitts Apr 23 2015 Hello pilots and welcome to our Step By Step Build guide for the 55 EDGE540 EPP Hybrid! This Edge540 EPP Hybrid is one of the easiest and most straight forward build ARF's ever and we are happy to help walk you through each step as we would

In this build log team pilot Pete will take you step by step in building your new Edge540 Jun 16 2015 Time for something different so I am selling my Aeroworks 30cc Edge540

This is a great flying airplane and is currently set up for IMAC but could do 3D by changing the control throws and maybe the prop

Due to a bad throttle servo now replaced I had several dead stick landing one resulted Jan 4 2013 OK got one of these showing up Monday and figured I would start a little build thread on here. I ordered the Blue Black Silver Carbon Fiber ARF and can't wait to start building

Here is what I will be using DA100L stock mufflers on Falcon CF 27x10 4titude 32oz tank High Voltage on all.
