Previous Page 2 Next Page Nov 14 2024 Chasing a rabbit hole last night. These appear to be interesting but seem to get something for nothing particularly in any appreciable recoil reduction. At least on the surface

Traditional brakes divert gas reward to push the firearm forward. or upwards and down in the case of handguns Little rockets. Newton s 3rd law and all that

Problem with those on a rifle is they re fucking Mar 14 2019 What are the pros and cons of using a ported gun for carry? What are the pros and cons of using a compensated gun for carry? Any experiences? Dec 10 2024 Pros Sweet shooter with very manageable recoil and plenty of aftermarket support

What happens when you burnout the can? Feb 19 2021 I am looking to set up a War Belt set up like pictured and discussed in other threads

It is for over pants and not through belt loops. Minimum would be pistol 2 magazines Multitool or knife

What are the pros and cons of the following set ups 2 Piece Something like a HSGI Slim Grip slotted padded belt with an inner Rigger belt Has molle and can use a variety of pouches 1 Piece Something Aug 26 2018 I am thinking to build a FDE colored AR using Aero Precision parts

If you have experience with your FDE colored rifles please chime in. I have a FDE colored pistol and I hate the color its so easy Apr 8 2024 My son is putting Eglin as one of his first duty assignment picks. He is currently in Air Force
