Oct 1 2024 In July we introduced an early view of generative search in Bing and today we're taking the next step as we continue to evolve our vision of the future of search. Transforms the traditional Bing search results page from a list of links into a more engaging magazine-like experience that's both informative and visually appealing. Jun 6 2025 The official BingSearch API is soon to be retired on 11th August 2025 or has already been retired depending on when you're reading this and you may be searching for a suitable replacement. Sep 4 2025 Microsoft is testing expandable related searches in the BingSearch results.

When you hover your mouse cursor over the related searches, Bing will load more below them. Today we're launching an all-new AI-powered Bing search engine and Edge browser available in preview now at Bing to deliver better search, more complete answers, a new chat experience, and the ability to generate content. May 7 2025 What is the Bing Web Search API? Bing Web Search API enables safe, ad-free, location-aware search results surfacing relevant information from billions of web documents. I wonder how many people are using Bing's Related Searches feature to refine their original search query and find our clients' websites? It's relatively easy to find out all you need to know is what to look for. Jul 24 2024 This new experience combines the foundation of Bing's search results with the power of large and small language models (LLMs and SLMs).

It understands the search query, reviews millions of sources of information, dynamically matches content, and generates search results in a new AI-generated layout to fulfill the intent of the user's query. Sep 4 2023 Microsoft Bing has been testing some new interfaces for its related searches.

Some of these interfaces are boxed at the top right section, while others seem to float over elements on the Search with Microsoft Bing and use the power of AI to find information, explore webpages, images, videos, maps, and more. A smart search engine for the forever curious.
