In computer security, logging in or logging on, signing in or signing on, is the process by which an individual gains access to a computer system or program by identifying and authenticating themselves. Typically, user credentials consist of a username and a password.

[1] These credentials themselves are sometimes referred to as a login. [2] Books Search the world's most comprehensive index of full text books. My library Try a search on Google Books or on Google

When we find a book with content that contains a match for your search terms we'll link to it in your search results. As always in Book Search, you'll see links to places where you can buy or borrow the book.

No preview available. For books where we're unable to show you snippets, you'll see an 'About this book' page displaying bibliographic information about the book plus links to help you find it in a bookstore or library. Try a search on Google Books or on Google
