1 2 In this video I walk you through the entire process to get the Honda Hack installed on your vehicle as well as give you my thoughts and opinion at the end. HondaHack helps you to install apps on your head unit and tweak the system. HondaHack can be installed directly from the Browser app of your head unit with Nov 3 2024. So I've been a very naughty boy and I've bricked the head unit of my 2018 Honda Fit EX.

It begins to boot up but never makes it past the Honda logo and then reboots back into this endless cycle Sep 20 2025. The video showcases what Honda enthusiasts have quietly known about for years: the ability to customize startup videos through the built-in Honda Hack system Jul 9 2021. This thread is just a catalog for what I discover on my quest to root hack the new 11th gen head unit.

In following posts I will post some screenshots and videos I took of the new menus and options that I found. The original Honda Hack thread for a 2017 Civic can be found on the XDA Developer forums.
