How to Return an Item Products purchased at a Costco location need to be returned at the returns counter at any Costco warehouse. Items ordered online can be returned at any Costco warehouse or you can initiate a return through Costco

Accepted payment methods differ online and in the warehouse. The return statement lets you specify what the function should return

For instance if you wrote a function to calculate square roots and the function was called with 9 as the argument the correct return value would be 3. In C when a function is declared to return a value you must explicitly return a value with a return statement

Otherwise the result is undefined behavior. Return is the way to tell Python this function is now done. You can go back to the spot where this function was called while also providing whatever result value the function made

The key thing to keep in mind is that the function ends the moment it hits any return statement. The rest of the function if there is more to the function does not get executed

print is a function that sends Dec 4 2023 Hello to all Return of Mount Hua Sect fans out there! If you're like me and have been scouring the internet for where to pick up the next chapters of this amazing light novel I've got some good news
