Where is WindowsRundialog box located?TheWindowsRundialog box is a resource located in c \windows\system32\shell32.dll.Thedialog can be opened by runningthefollowing command c \windows\system32\rundll32.exe shell32.dll 61 This works on both 32 bit and 64 bit Windows.Thedialog can also be launched withthecommand explorer shell {2559a1f3 21d7 11d4 bdaf 00c04f60b9f0} Tested in Nov 8 2014 Find myself constantly changing NIC properties every day switch router etc

config. Any happy fun command to open this dialog .cpl or .msc fromthe Rundialog? Aug 4 2010 Is there any way that I can force a program that normally requires administrator privileges via UAC torunwithout them? ie no UAC prompt and no system wide access

Added Without modifyingthe I d like toruna .bat file as a different user to troubleshoot a rights problem which I suspect.Fornormal .exe files you can Shift right click to get Runas

However for a .bat file thi Cleartheentries in HKEY_CURRENT_USER\Software\Microsoft\Windows\CurrentVersion\Explorer\RunMRU Edit AutoComplete inthe Runbox is set in of course Internet Explorer s settings Content Tab AutoComplete there s a button to Delete Autocomplete History

If that doesn t work you could try turning AutoComplete off rebooting and turning it on again May 28 2020 Name Value PSVersion5.1.14393.3471 PSEdition Desktop How can I execute a Powershell script AS Powershell 7 instead of Powershell5? Apr 15 2025 I recently missed an important interview because my Yahoo Calendar didnt send me a reminder

As a workaround Ive linked my Yahoo Calendar tothenew Outlook app on Windows 11 hoping that Outloo Windows has this nifty little shortcutforrunning commands.

Press Windows+r

Problem is is there an easy way to havethecommands Irunin that dialog to promptfora UAC credentials dialog and Jun 10 2020 There are long running threads of Office Click to Runusing excessive CPU ie 30% or more continuously as per this post.Thesolution in that thread works perfectlyforOffice 2016 howeverthec Start Windows PowerShell withthe Runas Administrator option

Only members oftheAdministrators group onthecomputer can changetheexecution policy. Enable running unsigned scripts by entering.
