Since California's legalization of medical marijuana in 1996, there has been a growing movement in the United States to decriminalize weed for both medicinal and recreational uses.

As of early 2024, 24 states and the District of Columbia have legalized marijuana for adult recreational use. The medical use of cannabis is legal with a medical recommendation in 40 states, four out of five permanently inhabited U.S. territories [a] and the federal District of Columbia, D.C.

[8] Where marijuana is legal in the United States including a map and table of the year each state legalized medical and adult use markets. As of April 16, 2025, marijuana is illegal for medicinal and recreational use in just four states: Idaho, Kansas, South Carolina, and Wyoming.

There are also some states where medical and recreational marijuana is not legal. This guide covers each recreationally legal state in alphabetical order, detailing whether they allow recreational or medical use, possession limits, cultivation rights, recent bills, and other important notes. For quick navigation, explore the map and state by state chart below, offering a detailed view of marijuana's legal status across the nation as of December 1, 2025. Are you wondering what the marijuana laws are in your state? This marijuana legalization map clearly defines the laws in each state and remains up to date with the latest changes on a monthly basis.
