Feb 8 2024 This thread aims to compile a cohesive timeline of what happened concerning and leading up to Nijisanji's announcement of Selen Tatsuki's termination and the aftermath that followed. Selen's accounts went quiet except for two posts saying she's now out of the hospital doing well etc.

Aside from that we hadn't heard anything official until yesterday where her management company Nijisanji AnyColor announced they were firing her for a list of things Oct 1 2021. We're a fan-made community devoted to spreading the gospel of our favorite dragon Selen Tatsuki.

In r/Selen_Tatsuki you'll find various clips of Selen, deep and meaningful quotes, cool fan art, and more!! Dec 16 2021 Selen is the 80th Nijisanji Liver to reach 200K subscribers.

She is the first of the EN 2nd wave to reach this milestone having gained 50,000 new subscribers since September 16 91 days ago. Selen has laughed, bullied, and befriended her countless partners, played games of all kinds including child games, and just generally been the little sister to all of us.

Congratulations! Something tells me that Vox Akuma is refusing to improve after the whole Selen incident because of him going to Billibilli Feb 14 2024. I mean Selen is one of the sweetest people in the entire branch and lots of artists on Twitter said she was nice to work with.

I could see someone having a grudge against Zaion but Selen? What could she possibly do to piss someone off this much? Of course this is mostly just tinfoil hat tier speculation, feel free to disagree. Oct 25 2022 Selen Tatsuki is officially the first NIJISANJI liver to touch the top 500 leaderboards in Overwatch 2! New comments cannot be posted and votes cannot be cast Feb 5 2024. After all NijiJP and NijiEN doesn't really cross over much and the JP document implies that Selen has engaged in malicious acts and ignored the advice of her fellow NijiLivers which would paint her in a bad light. Our scrutiny of the termination letter is due to our experience with NijiEN's mismanagement and the subsequent fallouts afterwards Feb 8 2024. Discredit Selen Dokibird to prevent other agencies from picking her up, collabing with her, it would look bad if she succeeds somewhere else after they just fired her.

Make an example of her to other EN talents sending the message Stay in line, remember you are all expendable. YOU need us not the other way around.

Jan 11 2024 I'm gonna guess it's more due to Selen being a Canadian residing in Canada and Niji not wanting to mess around with the Canadian legal system by publicly reporting on her health status by using more legalese terminology by
