4 09 19 2021 20 59 Subject Why do we need to signify trans? Because single sexspaces are needed.Sexis real and more important than gender This specific coach that is being discussed just went to Tampa with one of his teams that he stacked with guest players and left another teambehindwith not enough players to play in the RL Final Four which that team ended up losing to a team that hasn t beaten them for years The most that has been said is simply that many of us aren t interested in praising her simply because she s decided to go makeup free after decades of deliberately looking like a blowupsexdoll And the old timerbehindthe counter said Well Mister I don t sell to fish

The anecdote illustrates a key business principle you need to market and sell a product based on what the customer wants not necessarily what the end user the fish in this case might prefer or what you as the seller might think makes logical sense 11 29 2025 15 49 Subject Why don t more kids want Wesleyan?
