May 18 2023 Comprehensive sexuality education CSE gives young people accurate age appropriate information about sexuality and their sexual and reproductive health which is critical for their health and survival

While CSE programmes will be different everywhere the United Nations technical guidance which was developed together by UNESCO UNFPA UNICEF UN Women UNAIDS and WHO recommends Nov 24 2025 Sexual health is fundamental to the overall health and well being of individuals couples and families and to the social and economic development of communities and countries

Sexual health when viewed affirmatively requires a positive and respectful approach to sexuality and sexual relationships as well as the possibility of having pleasurable and safe sexual experiences free of coercion Nov 5 2025 TheWorldHealth Organization defines sexual health as a state of physical emotional mental and social well being related to sexuality it is not merely the absence of disease dysfunction or infirmity

Sexual health requires a positive and respectful approach to sexuality and sexual relationships as well as the possibility of having pleasurable and safe sexual experiences free of coercion Sep 4 2023 OnWorldSexual Health Day WHO celebrates every persons right to sexual wellbeing How does theWorldHealth Organization WHO define sexual health and what do we bring to this annual global celebration of sexual health well being and rights for all? Feb 11 2022 Looking at outcomes from various initiatives the research recommends redesigning sexual education and health interventions to incorporate sexual pleasure considerations including when promoting safersex

This means acknowledging the reasons why people have sex and recognizing that sexual experiences can and should be pleasurable Gender and sex are related to but different from gender identity

Gender identity refers to a persons deeply felt internal and individual experience of gender which may or may not correspond to the persons physiology or designated sex at birth

Gender influences peoples experience of and access to healthcare The WHO Department leads the global effort to end the epidemics of HIV tuberculosis TB hepatitis and sexually transmitted infections STIs ensuring that every person has equitable access to highest quality people centred scientific evidence and services regardless of who they are or where they live In a subsequent meeting organized by PAHO and theWorldAssociation for Sexual Health WAS a number of sexual health concerns were addressed with respect to body integrity sexual safety eroticism gender sexual orientation emotional attachment and reproduction Sep 26 2025 A new study from theWorldHealth Organization WHO the United Nations
