Has yourhusbandshared you with others? I d love to hear your thoughts stories and advice. Thinking about treatingmywife to a little strange. We ve discussed it and she is interested in the idea. I m not sure how we ll go about it

I think we might just pick someone up at a bar Aug 28 2023 I m honestly very confused and feel like I m sort ofsharing my husband

I feel like he likes to pass off the time he spends with his exes as spending time with his kids Jul 11 2023 At firstmy husband the one invited to the household declined the paymentssharingand we could not get it to work again

We had to call Amazon Support to cancel the household and start over and make sure we both agreed to paymentssharing. Then it still took a few hours before the benefits showed up on his account We recently got married a month ago

Ive never thought of ussharingour location on our phones with each other but I randomly thought about it while I was at work the other night so I enabled the sharemylocation indefinitely feature withmy husband Nov 13 2021 My husbandand I are in a household. He has his account I have mine

I cant see his stuff he cant see mine. No presents are spoiled ever. I havemypayment methods he has his. We do share digital content because he will buy me ebooks but nothing more

There is zero reason to pay for 2 accounts anymore Jan 9 2022 Mybirthday is the day aftermy husband s. In some ways it s really nice because it s something we share

In college our friends would throw us parties where it was his birthday party until midnight and then we d count down until midnight and then it d bemybirthday party. There are drawbacks though Jan 9 2024 My husbandand I just found out were expecting our first child

And as much as Im happy to have a family with him Im so sad and upset because Im not ready to share him with anyone else yet. Hesmyabsolute best friend and we do everything together from chores to hobbies and errands Only once in college and neither of us knew we weresharinghim

It did not end well especially for him. He was a jerk.Mypersonal opinion is that there are so many men out there I don t need to be with someone even casually who has knownmyfriends in that way. It will prevent any drama

But it hasn t really been an issue because we all have such completely different tastes in men May 17 2024 This is NOT a trading or promoting group! Amateur content only no OF etc allowed here. Proud hubbies share content of their wife couples share what they get up to
