Nov 8 2019 The difference is thatshe s and similar shortened forms are used in colloquial speech but not in certain cases

In your example sheis being emphasised Jun 4 2011 Taken from the Free Online Dictionary Usage Note Usingsheas a generic or gender neutral singular pronoun is more common than might be expected given the continuing debate regarding the parallel use of he

In a 1989 article from the Los Angeles Times for instance writer Dan Sullivan notes What s wrong with reinventing the wheel? Aug 23 2024 In short she they is the most common way for a person to indicate that they go by she her or they them pronouns likely with a preference for the former

It is not incorrect. Note While she they is commonly used by feminine leaning non binary people a great deal of women both cis and trans also go by it Upon answering the telephone the person calling asks if Joan is available

If Joan is the person who answered the phone shouldshesay This is her or This isshe ? Sep 12 2020 The at is redundant. It is not needed because the questions could be more concisely put as Where isshe he?

This redundancy and the efforts of seventeenth and eighteenth century grammarians to align English with Latin lead some people to say it is ungrammatical to end with at So my question is shouldshehas be contracted asshe s in the above example like in the examples found from google ngram to avoid confusion? Google ngram hasn t been exactly consistent about this sometimes usingshe s to refer tosheis andshehas Shewas in on the drama when the conman showed up at the stage door

If you are an actor in something it s in Shewas in Cat on a Hot Tin Roof.Shewas in the movie Cat On a Hot Tin Roof.Shewas in several West End plays

VERSUS to be on TV to be on the radio to be on tv or the radio just means that a person has been recorded in that medium Sep 18 2010 Sometimes people are referring to mechanical objects as she I love my car.Shealways gets the best service

Are there any rules when it is appropriate to use she instead of it and is he Jul 25 2018 2Shes can be a contraction for sheis or shehas. Thus both are grammatically correct

As for British usage Oxford seems to hold thatshes is also a contraction for sheis and shehas so Id imagine its the same in both British and American usage Sep 8 2014 assheis likely to be used poetically or formally and is more archaic than the usage of as her
