Sep 7 2015 Visual Studio 2019 now natively supports this keyboard shortcut Toggle Block Comment. Uncomment is now available through the keyboard shortcut Ctrl+Shift+ or through Edit > Advanced > Toggle Block Comment.

This command will add or remove block comments depending on what you have selected. Aug 14 2024 I want to create a shortcut with PowerShell for this executable C:\Program Files (x86)\ColorPix\ColorPix.exe. How can this be done? May 11 2025 When you install the Cursor AI code editor IDE on Windows, it takes over the code command which many developers often use in the terminal to quickly open VSCode.

For example, the issue "What is the shortcut in IntelliJ IDEA to find method functions?" Asked 15 years 3 months ago Modified 1 year 11 months ago Viewed 255k times. I cannot find a way to comment and uncomment multiple lines of code in Visual Studio Code.

Is it possible to comment and uncomment multiple lines in Visual Studio Code using some shortcut? If yes, I want to create a shortcut pointing to some EXE file on the desktop using .NET Framework 3.5 and relying on an official Windows API.

How can I do that? Oct 26 2023 I'm trying to create a simple script to use as part of a deployment to multiple sites that will create a desktop shortcut to a web address and apply an icon to it, but I'm running into some errors. Here 1. You can set a bind to the Edit.ExpandSelection command in the options.

Click the shortcut until it selects the whole line. The screenshot above is from the Edit > Advanced menu in Visual Studio 2022.

I set this Alt+E shortcut myself, and I don't remember if it's originally set to something or not. Mar 16 2012 Is it possible to create a desktop shortcut that, when pressed, will open a command prompt and run a pre-defined command? Sep 26 2022 Instead of individually typing out a hash tag in front of each line, is there a way to select a block of code and comment/uncomment everything by only pressing a couple of shortcut keys?.
