I own property but I don t feel comfortable with it I think a bubble is being created in the UK I have far too much in cash I own no stocks or bonds at all Jul 15 2011 Kitco charts I noticed on the gold section of Kitco towards the bottom of the page they have a very nice way to see how gold has been performing in comparison to the USD and a variety of other currencies

You can click on that currency you are interested in and you can see the chart. Does anyone know why Kitco does not have this same feature for silver? I think it would be really nice to.
