Sep 24 2024 Facebook app vanished but won t let me reinstall The Facebook app disappeared but its app info is still listed under settings on my Galaxy phone. Whenever I click install for Facebook in Google Play Store it downloads the app but it is deleted right after download

How can I fix this without having to factory reset? Sep 24 2024 How to open facebook links in app instead of Chrome? I have tried every possible settings and methods and it keeps opening in Chrome! Oct 7 2023 If the site still says your connection is not private you can try clearing your browser s cache and opening the website in an incognito tab

To open an incognito tab in Chrome click on the three vertical dots in the top right corner of the screen and select New incognito window

You can also press the keyboard shortcut Ctrl+Shift+N Mar 26 2023 I have a Pixel 7 Pro running Android 13 and my Facebook app is the current version My previous phone with Google Authenticator broke and now I cant access Facebook anymore as it prompts me 2FAC and I can only choose application from there To check the list of available widgets for the app tap the app

Touch and hold a widget. Youll get images of your Home screens. Slide the widget to where you want it. Lift your finger

Tip Some apps come with widgets. Touch and hold the app tap Widgets. If the widget can be resized an outline with dots is visible on the sides If you browse privately but click on a link within an app the link opens in a regular browser tab not a private one

If you turn off the Google Play Store on your Chromebook your Android app data and settings are erased from your device. You can review other Android app privacy and security settings which come with using Android apps Say or type the name of the app you want to install

If the app is available a page will appear with the app Discussion on resolving the missing cast option issue in the Facebook Android app for Google Pixel users Fix an installed app that isn t working on a Pixel phone Try the following steps if an app installed on your phone has any of these problems Crashing

Wont open. Wont respond. For web based apps like Google Maps make sure your phone has a stable internet connection. Isnt working properly.
