Jackson Morris Bump May 19 2018 17 41 Cooper Thomas She s sent me the rest
throughsnapand messenger anyway. She already knows that. She knows many girls
who knows that around her age

As 8 explained before even my manager who was in his 30s got manipulated by some
15 year old bitch

I think she s already learnt what many women know their pussy let s guys be
slaves to them Social media and shit Rumors are circulating that DC is in the
process of stripping Bendis of his creative powers in light of the Superman
backlash

The validity of these rumors are anyone s guess and should be taken with a grain
of salt. I wouldn t expect instantaneous backpedaling just yet with Didio at the
wheel

But my question is how do you fix what has been done already? Do you just ignore
it and move on >DC doesn t publish enough books! >Marvel is publishing too many
