A friendly place to discuss programming withSnap! Feb 28 2025 Weve just released SnapCloud v10.5 featuring sound recording capabilities on iOS devices and a new block for getting tilt sensor data from your phone or tablet Jan 18 2025 Hello everybody! Immediately felt in love withSnap! once I got to know it and wanted to thank you devs and forum users for all of your work and participation

It inspires! I have a question regarding objects attributes. Maybe it s quite obvious as it is and or well explained in a certain Reference chapter I skipped but there s the one thing I wanted to implement in my tiny deckbuilding Jan 27 2025 I need help with a solution for aSNAPtask for my son

He is at his wits end trying to figure it out but his teacher does not help him. I have no clue what I am doing and tried using AI but that didn t help. The task is Create a script that allows a user to input a series of names and store them in a variable list L

The list should allow the user to continue entering names until they Mar 24 2025 In this week s module we will begin exploring how to create games inSnap!

Since games tend to be more complex this module will extend across multiple weeks as we develop concepts create first drafts and then refine mechanics and features

As a jumping off point please review the documents on the course page for the module on Designing Feb 12 2025 Alas Snap! s scheduler doesn t do real time slicing it relies on explicit yields thatSnap! carries out at the bottom of every loop iteration

So if the first script doesn t have any loop blocks for example it uses recursion instead it ll win the race even if it actually takes more time than the second script Nov 19 2025 Scratchers coming toSnap! generally dont like the old style Scratch 1.4 look ofSnap! as they are used to Scratch 3 appearance

If the visual block changes could be incorporated intoSnap! as an optional skin then it would be a big win for block programming progression Thanks for the very kind words Feb 9 2025 Description copied from StephanShi s website Bytebeat Bytebeat music or one liner music was invented in September 2011

They re generally a piece of rhythmic and somewhat melodic music with no score no instruments and no real oscillators

It s simply a single line formula that defines a waveform as a function of time processed usually 8000 times per second resulting in an audible Jan 23 2025 Useful Tips inSnap! This is a list of the most useful tips in theSnap! editor in case you don t know
