Aug 20 2024 Today I installed a new transformer and two ring doorbell wired for a neighbor's relative. I upgraded their transformer to 24V 40VA

I then went in their chime box to install the jumper wires between Jun 14 2020 Well I guess I'll see how long the batteries last on these 2 cams I'm hoping till spring but I doubt it

I'm extremely disappointed in this setup and lack of plain prominent installation information that comes with the cam and solar panels Nov 11 2023 Hello Ring Team I would like to know if the 24/7 recording feature is in the works

To my memory I have read somewhere that it was supposed to come out in Spring. Have you received feedback from Mar 6 2024 I had a Ring Video Doorbell 2nd generation installed in circa 2021 or later. I had an analog doorbell chime box inside the house which was connected to the doorbell transformer

The specs for in Nov 23 2020 I've decided I won't be adding to my Ring devices until the playing field is levelled up. I don't want police or fire dispatch just having the alerts would be useful

Will probably review my setup in the Spring and possibly get rid of Ring for one of its competitors if it's still the same

I for one am going to stop purchasing and fitting their pro Dec 12 2020 I found that there are 2 small pins inside the unit that make contact with 2 screw terminal posts on the back casing

However I noticed only one of the pins was extended Oct 19 2019 I use it for beading the condensation we get on our cars here every morning during the Fall/Winter seasons and works extremely well

It doesn't just clean it it leaves a microscopic layer of protection hence you don't get water staying on the surface.
