Mar 10 2025 When i am searching for some materials in sketchup 2024 warehouse i can find them but in 2025 there is nothing Apr 14 2025 Many materials I used quite often in 2024 are now gone in 2025. There is no grass or water. I look for them on 3D warehouse and cannot find any

Am I missing something??? Steve Feb 5 2025 I am having issues in SKU 2024 on Windows 11 where the 3d Warehouse is not opening. Are there any known issues?

Feb 18 2025 Hi all Experiencing an issue with 3D warehouse as its not loading when clicked on within SketchUp

I could use a quick tip to resolve this issue. Thanks in advance! Roxanne Jul 25 2023 The new 3D Warehouse packs a punch bringing you powerful AI driven image search a unified desktop mobile and web interface with light and dark modes and AR viewing capabilities

Welcome to the most intuitive 3D Warehouse yet. Search for 3D models using reference images. Take a photo of a table from a showroom floor and drop your inspiration into the search bar

Sit back and let AI Apr 3 2025 The search facility on 3D warehouse needs some attention as does the quality of the stuff on there sorry just fed up trawling through so much

Where are all the good models? Any tips? Aug 26 2016 The 3D Warehouse is the online repository for SketchUp files you may visit it at <https://3dwarehouse.sketchup.com>. You might post in here if Dec 11 2024 For clarity it is Extension Warehouse and 3D Warehouse that is not opening

I followed your instructions carefully but the windows do not seem to be offscreen Nov 17 2024 I saw a problem at 3D Basecamp where someone had lost both the Extension Warehouse and Extension Manager windows. The alt spacebar M any arrow key move cursor click did not recover the windows

There was an edit to PrivatePreferences.json that did bring both windows back. Let us know if ateliernabs suggestion doesnt work Aug 15 2025 The 3D Warehouse hasnt supported SketchUp 2017 for about 6 years. Presumably you are accessing the 3D Warehouse via your internet browser

Clear the browsers caches and cookies. Then try again.
