Once I read a manga with the following description A perverted President who likes girls a tsukkomi Vice President an over zealous Treasurer and a quiet brooding Secretary

This unlikely qua Apr 24 2013 In manzai the boke deliberately entices both the tsukkomi and the audience s laughter by executing a calculated line

However the tennen boke describes someone who naturally without any preparation or purpose says boke like things Dec 6 2016 1 I don t know regarding the facial expressions but your description of their dialogue seems to be a typical example of boke character 2 and tsukkomi character 1 in manzai comedy

This type of humour is typically japanese and can be seen or heard in most variety shows and anime with humoristic tendencies Dec 1 2019 The boke will say and do stupid disagreeable things and the tsukkomi will make retorts often violently

This is where the variety of different slaps and smacks come in Dec 15 2020 Having a discussion with some people who are saying Gokus MUI transformation and DBS are the best in all of anime because it broke the internet

What does this even mean? Did manga sales reach some Although this is not explained in either the manga or anime there are some theories on why Tanjiro were able to see and talk to spirits. Demon Slayer has multiple references from Buddhism and Shinto

According to this people who were slain by demons cannot leave Earth until someone avenges them

It was destiny that Tanjiro is the one to kill the demons that had the slain so many innocent In the traditional Manzai style of comedy they play the boke role which is usually the more interesting role hence fitting of the protagonist

That isn t to say that intelligent characters can t be comical but it isn t as easily exploitable with little to no effort as it is if the protagonist is unintelligent I can t come up with anything logical just based on speculation

Is this an outgrowth of the manzai tradition with the tsukkomi and boke characters?.
