Sep 2 2023 Mysstepfather pushed me into havingsex should I tell my mother? It could give her the strength to leave him You need to realize that you didn t want to havesexwith yourdad! I would weigh your options at plan parenthood! You need to find the risks of deformities that would be the first thing that a doctor will warning you about

I m not trying to scare you just wanting to let you know

If yourdadis telling you to lie he knows he did something wrong Jun 21 2021 My wife is intent on marrying mydad won t this cause extreme problems for my family and also wouldn t the marriage be illegal? I m not sure if someone can marry their ex father in law even in Florida

There s a kicker in this apart from my wife getting with mydad she wants to bring up our son with mydadas his stepdad I think my futurestep brother likes me. What should I do? My mum and da got divorced not too long ago and my mums partner has a son

The first time I met him he acted weird around me and it made me feel uncomfortable

I even overheard my mum and her boyfriend talking about the possibility of him liking me And your friend would see it the same way why would an older guy be interested in his young daughter generally the assumption is dirty old man looking forsexwith a young girl. Yuck

If you dated a friend s daughter you are basically saying you dont care about your friendship and you can only think with your d\*\*k To cut a long story short I hadsexwith herdad yesterday. We planned it and it was the first time. Before you guys murder me I have to put some context into this

Her parents are divorced and she lives with herdad just the two of them Feb 18 2011 We all have the sameDadbut none of us grew up with him. They grew up with astep dadwho they think of as their real father and their mom and I grew up with only my mom Regardless of everything you are their uncle

not theirstep dad

If you did get with their mum what would that make theirdad? theirstep uncle? it would be really bizarre for them to understand and I dont think its worth it when there are hundreds of thousands of people in the world you could fall in love with A reader anonymous writes 20 January 2009 first of all i know excatly how she feels except my scars are on my legs mystep dadburned me

tell your gf that you would never want to hurt here and she means the world to you. what her ex did was wrong and you wouldnt ever do that even if you were
