Three houses in my immediate area have their own colonies of various In a world where so many well socializedstray catsare in dire need of good homes feralcatsare best cared for in their natural environment. You should consider making an exception in the following cases 1

Feral kittens The younger the kittens the easier it will be to tame them Nov 5 2025 Two healthycatsof the same litter found lifeless within short time. one is about 2 months old the other 6 months. Both of them were found very stiff and their bodies wouldnt move much laying on their side

One of them was completely fine 24 hours ago since I found him lifeless like that Jul 30 2021 Hi! Just a quick question as my mom and I are feedingstray catsaround our house I m just wondering how many times should I put food down for them? Usually my mom will give them wet food around 3.30pm and when I m home from work I ll give them kibbles around 8.30pm
