May 21 2020 Stripchat first published bidder for Super Dome naming rights 2 Viewers Azuriah72 May 21 2020 Latest activity May 23 2020 Previous Next 1 2 3 Is it viable to use w32tm.exe s option stripchart to judge the time variance of two hosts within a very small margin of error ? Note that w32tm.exe s stripchart function is separate than the algorithm used by the Windows Time service itself

If not what are some alternate methods? Thanks Matt Ah I see. You re saying the command can only be run from the client to the time server it s comparing the local time with the time broadcast for want of a better term by the time service

I d misunderstood I thought it was simply comparing local and remote times using the time services on the machines. How irritating

For various reasons I can t simply run the command from the clients I have 2 domain controllers that are NOT on the same forest they are on the same network though I am trying to have both of them sync from the same time sync server time.windows so times Jul 28 2011 What is the command to sync a Windows workstation or server to its configured time source?.
