Apr 3 2009 The new rules would set hunting hours to a half hour before sunset until sundown a seemingly silly requirement in the land of midnight sun except that some Steller seaiders killed last year were shot in August a month when the sun finally dips below the horizon Nov 20 2008 I have hunted afternoons before and to be honest unless you are going to break the law and shoot aftersunset the hunting sucks

The ducks don't fly until they see that big orange thing drop below the horizon and I cannot believe the number of idiots that stay out in the marshes blasting away aftersunset Sep 12 2011 I have attached a link to the Sunrise Sunsets tables for Iowa

Simply select the town closest to where you are hunting and which month and it will give you the sunrise and sunset for that town

Iowa USA Locations for SunriseSunsetCalendar That should help everyone know what time is legal Oct 6 2011 That we can shoot a half hour before sunset but not the half hour after? I can see just as much in the half hour after than the half hour before

So what is the reasoning behind this? To give the birds more rest and if that is the case what's 30 more min Nov 1 2010 container at an approved access site. Waterfowl decoys cannot be left unattended for more than 30 minutes between midnight and one half our aftersunset

Special regulations regarding the use of decoys on parts of the Mississippi River are described below Apr 8 2010 Sunset is coming to the future of waterfowl hunting. Don't believe it? Just look at the statistics. About 2.5 million Americans over the age of 16 hunted ducks and geese in 1996

Ten years later that number plummeted to 1.3 million an astonishing 48 percent decline. The end may be even closer in Canada where there are 70 percent fewer duck and goose hunters than just 10 years ago

It's an Oct 7 2013 Fine you guys win I'm going to walk off into the sunset as far as this site goes. I've gone too far I see

Godspeed be with you all Don't let the door hit you on the ass Apr 29 2010 Crappie Good Fish near boat docks or other shoreline structure with a small jig or minnow and hook below a small bobber. Walleye Good Use a jig and minnow or twister tail at sunset or trolling crankbaits

Lost Island Lake Dec 12 2014 Hopefully there's more flying close to sunset but I'm worried

A field that had probably 100 geese in it with plenty more in the area on
