Aug 20 2020 Looking at a few Black Rhino wheels andthereviews are good in most cases but some indicate rusting. Whatstheexperience here Dec 11 2023 I first contacted Black Rhino and they blew me off

I then talked withthetire shop which installedthewheels then they contacted TSW Alloy Wheels astheparent company of Black Rhino Hard Alloys but TSW responded that they have never heard of this concern furthermore it wasnt possiblethewheels could cause a brake overheat condition Oct 6 2018 I purchased 5 new Black Rhino Barstow wheels and had Discount Tire order and install

One came in clearly bent discount tire basically admitted without admitting thattheperson installingthewheel hadnt noticed .Thewheel causedthetire to leak even before leavingthedealer parking lot Jul 28 2023 Trying to get some feedback on red or gunmetal wheels and how wellthefinish will last Comparing Fuel vs KMC vs Black Rhino

Fuel seem more expensive in general not sure if that reflects inthequality oftheproduct Jul 6 2021 I havetheBlack Rhino Arsenal wheels. They are great absolutely no complaints. Got them for a great deal through Discount Tire who hooked me up through Discount Tire Direct

One cool thing aboutthecompany is they help supportthepreservation oftheblack rhino in Africa hencethename ofthecompany

Great wheels with a cause Oct 30 2020 Beware Black Rhino counterfeits they just busted some people with a whole warehouse of them inthePhilippines and supposedly there are a lot more out there Jan 10 2021 What type of lugs do Black Rhino wheels take conical ball or flat ? Looks conical or ball to me but would appreciate confirmation

Just installed a set of Primm s andthebulging conical lugs that came stock withtheJLUR wouldn t fit back on due tothebulge I think a thinner conical Jul 2 2024 Theother day I was walking towards my jeep and noticed that my passenger rear hub cap was missing from my new ish 3mth old Black Rhino wheels

Upon Sep 9 2024 Loving my new Black Rhinos itching for 37 s next. Those look sweet!! How much do they weigh? 37s will look even better! Im going with 37s after my 35s wear out and I re geared to 4.88

I can hitthehills and stay in 8th gear all day and tow a trailer May 29 2023 I was provided lug nuts by a reputable wheel tire supplier when I picked up my Black Rhino Arsenal wheels. Torqued everything down per spec and THEY CAME LOOSE. Could ve been a very dangerous situation

I m speculatingthelug nuts I was provided were too short. Anyone with Black
