The Vanilla Expanded Framework VEF is a core modding library required by many of the Vanilla Expanded mods. It contains all the shared code that powers features across the entire Vanilla Expanded series

Without this framework several mods simply wont function as they rely on the systems and functionality defined here Oct 3 2024 I wonder if it s supposed to work like this In current colony I never touched the obelisk or started any Anomaly content

I accepted one creepjoiner with the Disturbing Body Mastery and Void Fascination traits figuring it don t matter as I don t plan on activating Anomaly in this playthrough

Later on a Highmate with paralytic abasia and luciferium addiction what a wombo combo lol dropped Is there a clever way to limit meals produced with quail royal poultry? Since it automatically upgrades the meal from simple fine into lavish the normal do until X doesn t pause the recipe when I have enough meals

I went looking for a mod that would allow me to link a recipe to a different output but couldn t find anything Nov 15 2020 Vanilla Achievements Expanded is a unique never before seen in RimWorld modding achievement mod part of the Vanilla Expanded mod series and a framework for other modders Jul 10 2025 So wait how does this work with mods that have face markings? They get overridden if you use this? As an example Vanilla expanded Phytokin seem to have their Barkskin textures removed for just plan vanilla faces Mar 14 2025 Were Vanilla Expanded not Vanilla Replaced and Removed

Q Does Maynard Medieval still limit the technology of the game? A No it does not. See above

We recommend using the following mod to limit tech World Tech Level Q There seems to be some overlap with Vanilla Weapons Expanded A Thats right Aug 17 2025 This item has been removed from the community because it violates Steam Community Content Guidelines. It is only visible to you

If you believe your item has been removed by mistake please contact Steam Support Oct 22 2025 Vanilla Nutrient Paste Expanded is a small mod created to showcase what the new Pipe network code is capable of in Vanilla Expanded framework

It adds a rather simple chain unlocked with Nutrient Paste research project allowing the player to store nutrient paste in advance without the need for convoluted nutrient paste dispensers and hoppers Jan 2 2020 This item has been removed from the community because it violates Steam Community Content Guidelines
