I am one of those teachersthat really enjoy making content and as such have several units mostly on 9th and 10th grade level novels that I am considering putting up on TPT for some extra money. Before I did so I just wanted to see if anyone had any advice they wanted to offer. Archived post

New comments cannot be posted and votes cannot be Nov 23 2023 Ive made loads of graphic organizers in my six years of teaching and am wondering if itsworth selling on there even if itsjust for beer money I am working on my final project for my alternative certification program and at the beginning of the two weeks of lesson plans I am supposed to turn in I need to write an introduction outlining the standards skills and dispositions students are supposed to take away from the unit

I can figure out something for skills and standards but I don t know where to start with dispositions or Im trying to pursue a profession in being a high schoolteacher. However after reading so many threads of people being miserable and complaining about the job

I am second guessing myself I know this wont be an easy job but im trying to find something positive about this profession. It also seems that teachersthat just start vs are a veteran have very different perspectives

Therefore my A community primarily for Australian teachersto discuss the profession. Our community is open to all individuals interested in teaching and learning focusing on providing support and resources for Australian teachers

We welcome the valuable contributions of pre serviceteachers school support staff communities aspiringteachers and anyone interested in the profession. 1. Be nice. 2

A few submissions simply didn t read like they came from high school students. I ran them through GPTZero to check my suspicions. Two of them scored incredibly high on AI content above 80 percent. The other one came back with a 54% probability of being written by AI

I Students and non teachersmay not ask for homework help complain or vent about
